Diploma in Interior Design

Intakes:

January, May and September

Duration:

2 Years 8 Months (Full-Time)

Course Location:

UOW Malaysia KDU University College,
Batu Kawan

Transforming space, creating lifestyle.

In this program, students discover the beauty and practicality of built environment design. By learning the design process of interior design and architecture, we allow students to delve deeper into the creative aspect of built environment design. This program provides our students with hands-on experience with design, through the understanding of material, design process, techniques and the application of digital software. We ensure our students are provided with a holistic design education in order for them to further pursue their design aspirations. Upon graduation, our students have the option of beginning their design career, or proceed to a degree program in Interior Architecture.

Career Opportunities:

3-D Visualizer | Architectural Assistant | Color Consultant | Design Assistant | Draftsperson | Event Designer | Exhibition Designer | Facility Manager | Furniture Designer | Graphic Designer | ID Magazine Editor | In-house Designer | Interior Designer | Kitchen Designer | Landscape Planner | Lighting Consultant | Production Set Designer | Render Artist | Sale Designer | Set Designer | Site Supervisor | Stage Designer | Visual Merchandisers
